List of Projects using arduino with advance view:

- Introduction to Pushed, Pulls and Arduino Controlled LED Strips**  
 This time on the show we continue coverage of TootLamp 2012 - the American Hacker Camp. This time Darren speaks with Rob Eby about packed radio as an extension of the Internet. Plus what could be better than flexible individually addressable RGB LED strips? #1.... Listed under: [LED Projects](#), [Projects](#), [Radio Projects](#)
- Arduino Controlled Digital Window Sticker**  
 A bumper-sticker sized LED matrix that displays images in sequence from an SD card, to produce an animated sign or "window sticker". Arduino controlled. Also includes Windows, Mac, and Linux code for converting .jpm image files into Digital Window Sticker files. Perfect for a shop.... Listed under: [LED Projects](#), [Projects](#)
- Roboped: the Arduino Powered Robot**  
 Roboped is a simple arduino robot that uses antennae to detect obstacles. Roboped's motors are controlled by an H bridge and powered by a nice vlt battery. Roboped's circuit is based on a breadboard for easy modification. Step 1: Tools and Materials Material Arduino.... Listed under: [Robotics](#), [Automation Projects](#)
- Turn your Arduino into the best gift of all**  
 Please vote for me in the holiday gift contest and the Make it Glow contest! First, this started out as a gift, and not an instructable. So please excuse some hand wiring here and there as I do not have any pictures of the etching and drilling portions. Second.... Listed under: [Games](#), [Entertainment Projects](#), [Home Automation Projects](#), [Projects](#)
- TMA Zombie Science Security Wand**  
 Not even Zombies are exempt from a good pat-down. Scanner security wands are used at the most exclusive nightclubs and venues. Does not detect metal to indicate a presence of weapons but will indicate the lack of a soul which means a more rigorous body.... Listed under: [Security](#), [Safety Projects](#)
- Arduino Controlled Protonics Cannon, Powered By Arduino**  
 Every summer, Qualcomm hosts a Battle of the Schools competition, which gives employees the opportunity to represent their home universities. This year, entries were to be homemade contraptions, and they were judged according to how cool they were perceived to be. Virginia Tech's cannon project....
